

What is GCCC Magazine?

Illustration: The 79th issue of our magazine

Three to four times a year the GCCC Magazine appears in the Dutch language. This is our club magazine in which can be found reports of past events, announcements of new gatherings, members' stories about their adventures with their cars and small ads. Apart from that, newsletters are sent to keep everybody up to date. As you can see we have an internet site and for members we have a newsgroup.
