

## What is the aim of the GCCC?

*Photo: Collected beauty among different classic (future) cars*

The Gay Classic Car Club aims at offering its members the possibility to meet each other almost every month. Most events offer the possibility to be actively engaged with an old car, but sometimes it is more enjoyable to watch all that collected beauty leaning back in a chair on a terrace with a beer in one's hand. Members without an old car have ample opportunities to join other members in their cars.
